

2416 segments, 5.69 m of conductor on this layer. 552 vias on the board.

Green: the reference pour (AGND_REF left of x = 58 mm, DGND right of it). Gold: routed conductors. Cream: pads.

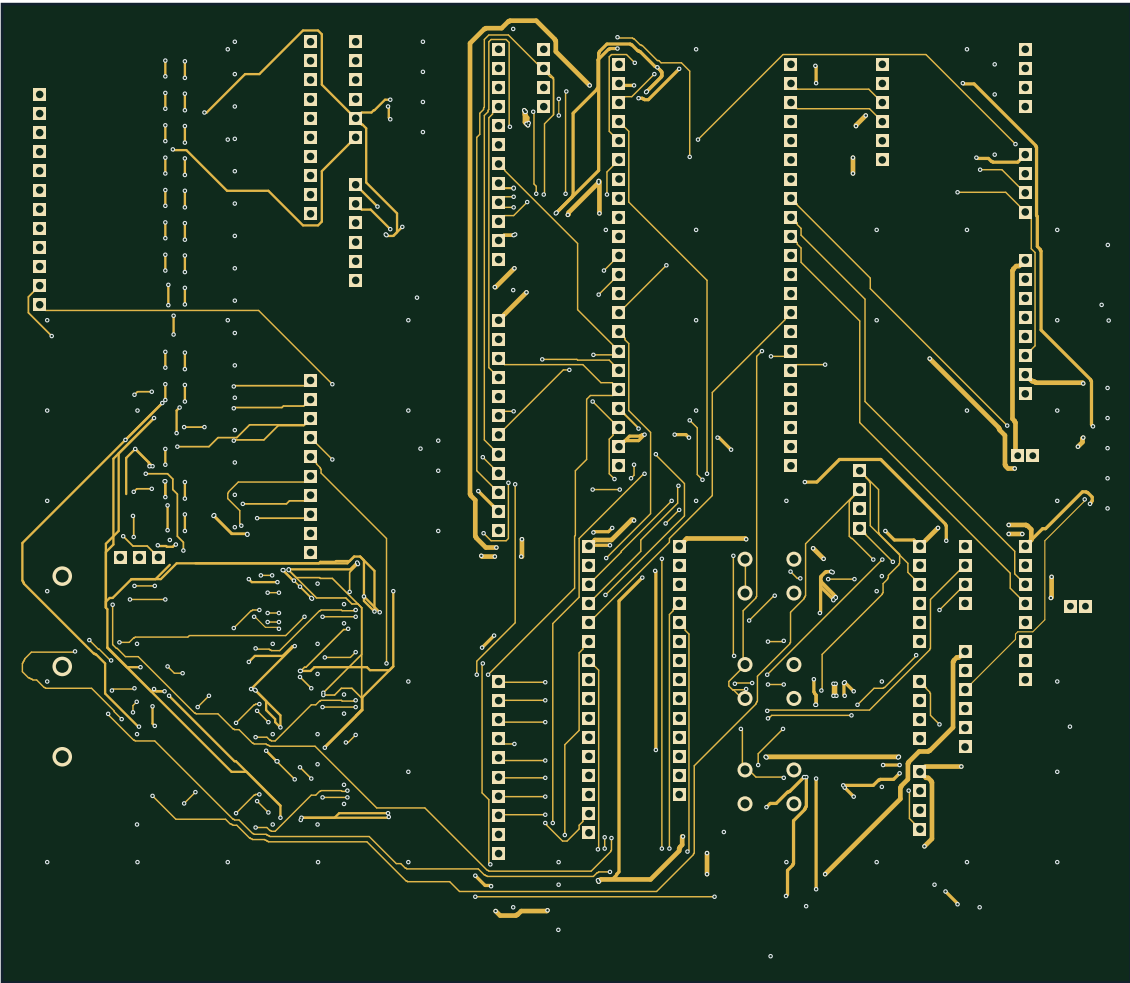

0 segments, 0.00 m of conductor on this layer. 552 vias on the board.

Green: the reference pour (AGND_REF left of x = 58 mm, DGND right of it). Gold: routed conductors. Cream: pads.

0 segments, 0.00 m of conductor on this layer. 552 vias on the board.

Green: the reference pour (AGND_REF left of x = 58 mm, DGND right of it). Gold: routed conductors. Cream: pads.

1329 segments, 3.67 m of conductor on this layer. 552 vias on the board.

Green: the reference pour (AGND_REF left of x = 58 mm, DGND right of it). Gold: routed conductors. Cream: pads.

EEG-CAR-01 -- B.Cu copper	
L4, signal, solder side. Viewed from the top. Scale 1:1 on A3.
